

All dimensions in inches.  
Panel Size: 5.25" (W) x 8.75" (H)

## Notes

1. The 20 jacks on the bottom half of the panel are on the standard MOTM grid.
2. The 18 potentiometers are not on the standard MOTM grid. They are on a custom grid defined as follows. The vertical spacing between rows is 1" apart and the top row is 0.875" from the top of the panel. The horizontal spacing between columns is  $21/16$ " (or 1.3125") with the outer two columns being half of this distance from the panel edge,  $21/32$ " (or 0.65625").
3. The four T1 sized LEDs (1/8") are centered between the middle two columns of pots, or 2.625" from the left and right panel edges. Vertical spacing is the same as the pots.

## Hole Sizes:

1. 18 pots: 3/8".
2. 20 jacks: 3/8".
3. 4 LEDs: 1/8".
