Notes

1. The jacks, pots, and switches are on the standard MOTM grid.
2. The four LEDs are not on the standard MOTM grid. There is a circle that encompasses the four LEDs. This circle is $1\text{-}1/8''$ in diameter and is centered between the switches and the top row of jacks. The center of the circle is $1\text{-}5/16''$ below the center of the switches and $1\text{-}5/16''$ above the center of the top row of jacks. Each LED center is $5/16''$ from the center of this circle. The center of the top LED is $1''$ below the center of the switches. The center of the bottom LED is $1''$ above the center of the top row of jacks. The distance between the centers of the top and bottom LED is $5/8''$. The distance between the centers of the left and right LED is also $5/8''$.

Hole Sizes:

1. 2 pots: $3/8''$.
2. 4 jacks: $3/8''$.
3. 2 switches: $1/4''$.
4. 4 LEDs: $5/16''$.
